TECHNICAL NOTICE 04-N08

APPLICANT: Nestlé Waters France

- *Application date:* December 2004
- *Date of update:* December 2008

DESCRIPTION OF PACKAGING:

- *Brand name:* Carola
- *Shape:* Round – Marking 
- *Colour:* Light blue
- *Volume:* 50 cl – 1.25 L – 1.5 L

MARKET:

- Consumption in and outside the home

MATERIALS:

- Body: PET monolayer
- Cap: HDPE monolayer
- Label: OPP (oriented polypropylene)
- Ink: for rotogravure printing
- Glue: Hotmelt. Single line gluing

TECHNICAL NOTICE:

The composition of the body and the overall structure of the bottle are completely compatible with the main recycling streams for PET packaging that are currently available in Europe.

Although, given the single gluing line, the quantity of glue is small, COTREP recommends testing its washability.

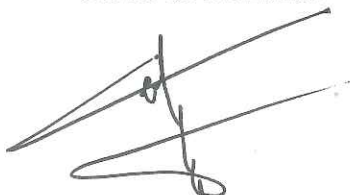

As stated in General Notice FT 21, the PP label does not disrupt the recycling of PET bottles.

The light blue packaging is easily identifiable visually. It will continue to be directed to the pale-coloured PET stream for recycling.

Signed in Paris on 26th March, 2009
